

A photograph showing four construction workers on a wooden roof structure. Two workers are on the roof, and two are on the ground. They are wearing hard hats and safety harnesses. The background shows trees and a clear sky.

## Crew Leadership Development: Mentoring Skills to Develop/ Retain a Workforce

### Hartford Area Career and Technical Center

1 Gifford Rd., White River Junction, VT 05001

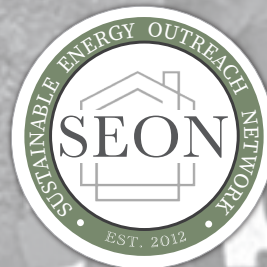

*(all courses are two-part training)*

**December 5 and 12**

Each day is from **3:45pm - 7:45pm** (4 hours)

**This course is about learning the approach and skills of leading as separate from managing.** Both are important skills in bringing successful completion to a project, but **leadership skills at the crew leader level oftentimes are secondary to project management skills.**

Check <https://buildingscience.org/training/> to sign up for the dates and locations that are right for you.
